PROFESSIONAL SUMMARY

Frontend Developer with six months of internship experience in building responsive, scalable web applications. Skilled in **React.js**, **JavaScript**, **MongoDB** & **SQL** with hands-on experience in designing UI components, integrating **RESTful APIs**, and following SDLC practices. Strong foundation in **data structures**, **OOPs**, **Git**, and version control.

PROFESSIONAL EXPERIENCE

Frontend Developer Intern | Inbox Tales - Digital Agency (Sep '2024 – Mar '2025)

- Developed and optimized responsive UI components using **React.js**, **HTML5**, **CSS3**, and Bootstrap, improving website performance and accessibility.
- Integrated dynamic frontend forms with secure backend **APIs**, enhancing lead capture and data submission processes.
- Used **JavaScript** and **React** Hooks to manage state and render interactive UI features across multiple screens.
- Collaborated with designers to convert **Figma** mock ups into functional components with pixel-perfect styling.
- Ensured cross-browser compatibility and applied SEO best practices, including semantic **HTML** and performance optimization.
- Applied secure coding practices and input validation to mitigate frontend vulnerabilities like XSS.

CORE COMPETENCIES

Frontend: React.js, HTML5, CSS3, Bootstrap

Backend: Python, JavaScript, Express.js, Angular, Node.js

Databases: SQL Server, MongoDB, NOSQL

Design: Figma, Canva

Other: GitHub, Visual Studio, DSA, OOPs, Generative AI

PROJECTS

Educational Platform – Fly Now Overseas (<https://www.flynnowoverseas.com/>)

Technologies: HTML, CSS, Bootstrap, JavaScript, Python, SQL, Git

- Designed and developed a fully responsive website for an educational consultancy, optimizing it for both desktop and mobile platforms.
- Focused on enhancing user experience (UX) by implementing intuitive navigation, clean UI components, and faster load times.
- Integrated frontend forms and elements with backend services to ensure smooth lead capture and enquiry management. Integrated dynamic inquiry forms and RESTful APIs to capture and store leads efficiently.

Enterprise-Ready Web Infrastructure for Export Business – Bala Trade Elite (<https://balatradeelite.com/>)

Technologies: HTML, CSS, Bootstrap, JavaScript, Python, SQL, Git

- Developed a sleek, professional web presence for an international export company with a focus on product showcase and business credibility.
- Integrated interactive elements such as image sliders, dynamic navigation bars, and contact forms to improve user engagement.
- Applied SEO best practices like semantic HTML tags, meta tag optimization, and structured layout to improve search engine rankings.
- Worked independently to deliver the project within tight deadlines while ensuring responsive design and cross browser compatibility.
